

## OFFICE OF THE GOVERNOR

April 2017

### *Check-off CA Month*

As the April 15th tax deadline nears, Californians can have a positive impact on their communities by “checking off” contribution boxes on their tax returns.

Californians can give to worthy causes by marking the boxes of their choosing under the “contributions” section on the State Income Tax Form. These donations help fight cancer, protect seniors, prevent child abuse and support a host of other charitable endeavors. The people of our state have contributed over \$20 million in the past five years, and this generosity has made a difference in the lives of our fellow Californians.

Thank you to those who promote Check-off CA Month and to the generous taxpayers who donate through this program. I extend my gratitude and appreciation for positively impacting the lives of fellow Californians.

Sincerely,

  
EDMUND G. BROWN JR.
