

## THE CALIFORNIA FIRE FOUNDATION CAUSE-MARKETING AND EVENT PARTNERSHIP GUIDELINES & APPLICATION

*Thank you for your interest in holding an event to benefit the California Fire Foundation. The California Fire Foundation is a non-profit 501(c)(3) organization dedicated to recognizing the courage of firefighters, and the perseverance and sacrifice of fire victims. Formed in 1987, the California Fire Foundation's mandate includes an array of public education and victim assistance projects. Our organization strives to find mutually beneficial relationships in support of our mission. We enthusiastically welcome the opportunity to explore and develop new partnerships. We look for groups and individuals with a solid history and strong integrity who would like to make a contribution that is significant and clearly defined to the consumer.*

*Our champions provide the California Fire Foundation with an opportunity to reach out to a variety of audiences with important information regarding the California Fire Foundation support system for fallen firefighters and their families, and the community. They also increase our visibility and opportunity to raise funds to support our programs that honor and aid fallen firefighters, their families and our communities.*

*Before submitting a proposal, please read the following information carefully to help determine if an event partnership with the California Fire Foundation is right for you. These guidelines were created to help ensure that our partners and our supporters feel proud of the promotions that support our mission.*

### LOGO/LICENSED MARKS USAGE

The California Fire Foundation owns the registration for the California Fire Foundation name, logo, programs and Licensed Marks. Permission is required for use of any of these Licensed Marks. A party that desires to obtain permission to use these Licensed Marks must execute a written contract with the California Fire Foundation that outlines how the Licensed Marks will be used. Until a fully executed License Agreement is received by the organization, **use of the California Fire Foundation name, logo, or any of its licensed marks is strictly prohibited.**

### TRANSPARENCY

The California Fire Foundation operates under the **Better Business Bureau Standards for Charitable Accountability**. These guidelines require clear disclosure to the consumer. In compliance with these guidelines, the California Fire Foundation requires full disclosure regarding the benefit to the organization when funds are raised through a consumer purchase or promotion (e.g. \$1 from the sale of each item benefits the California Fire Foundation) on all packaging, advertising and promotional materials in clear and unambiguous terms. Your company/organization must be able to comply with this requirement.

### COMMERCIAL CO-VENTURE REGISTRATION

Your organization may be required to register in certain states as a "commercial co-venturer." In its simplest terms, a commercial co-venture is a relationship where an organization promotes a product or service and represents to the public that a portion of the proceeds will benefit a cause. If the product or service is being promoted in a state that requires commercial co-venturer registration, the organization conducting the program/promotion must file certain documents with that state's Attorney General's office (or other state-designated entity). The specific documents that must be filed will vary from state to state, but will generally include a registration statement and a copy of the contract. Although the California Fire Foundation cannot give legal advice to organizations that conduct programs/promotions with us, we do advise them to seek legal counsel to ensure that they comply with these registration requirements.
